# Aditya Choudhary

New Brunswick, New Jersey
ac3582@scarletmail.rutgers.edu | github.com/choudharyadi

## EDUCATION

**Rutgers University Honors College** New Brunswick, NJ *Bachelor of Science in Computer Science*
**High Technology High School** Lincroft, NJ *Class of 2026* 2022 – 2026
Expected May 2029 **GPA:** 3.9 / 4.0; SAT: 1530
**Honors:** Congressional App Challenge Winner (NJ-04, 2021)
**Relevant Coursework:** Data Structures, Linear Algebra, Probability & Statistics

## WORK & LEADERSHIP EXPERIENCE

**FuryTech Alpha — VEX V5RC Team 765A** Lincroft, NJ *Team Captain & Software Lead* 2025 – 2026
Built a Monte Carlo Localization pipeline for field positioning and vision-based autonomous routines
Won the Innovate Award at NJ States; qualified for the 2026 VEX World Championship **Icarus — AI Grand Prix (Autonomous Drone Racing)** New Brunswick, NJ *Team Lead* 2026
Lead a six-person team building a full perception-to-control racing stack for autonomous drones
Advanced past Virtual Qualifier Round 1 (Anduril/DCL); 11/11 gates, zero collisions
**Micromouse Engineering Competition** New Jersey *Founder & CEO* 2024 – Present Founded an organization that teaches students to build autonomous micromouse robots
Organizing an East Coast competition at Princeton with the IEEE core team
**FuryTech Cryo — VEX V5RC Team 765C** Lincroft, NJ *Programming Lead* 2024 – 2025 Ported the Ramsete controller to the V5 Brain and built the team's autonomous path-following stack Won the Excellence Award at NJ States; top 16 at the VEX World Championship
**Trackie — School Bus Tracker** Remote *Sole Developer* 2021 – Present Won the 2021 Congressional App Challenge (NJ-04) as sole developer
Shipped on the App Store; ~5,000 monthly active users since 2021
**Selected Project Experience**
**SARTech — Search-and-Rescue Drone**
▪ Most Technically Complex Hack, PennApps XXVI: Monte Carlo search-behaviour model
**HuginnMuninn — F1TENTH Racing and Mapping**
▪ Pure pursuit control with 7.1s best lap; LiDAR map with an auto-extracted centreline

## SKILLS, ACTIVITIES & INTERESTS

**Languages:** English (fluent); conversational French
**Technical Skills:** Python, C++, JavaScript/React, ROS 2, OpenCV, Linux, Git, MAVLink
**Certifications & Training:** [finance courses or programs — add here]
**Activities:** Student Council, Varsity Chess Captain, French Club VP, chess instructor
**Interests:** Autonomous mobile robots, computer vision, drone racing, chess
